Online Class Offerings for April 2025:

- iLos Cuidadores También Son Personas! (C-442)**
Abril 3 (Jueves) 2:00 pm - 3:00 pm
Instructor: Georgina Martinez, Representante de Promoción de la Salud Digital con Independence @ Home
Cuidar a otra persona es una de las cosas más gratificantes que puedes hacer. Pero también es uno de los más difíciles. En este programa, aprende cómo cuidarse para ser el mejor cuidador que pueda ser.
- Planificar el Cuidado de la Vida (C-443)**
Abril 7 (lunes) 9:30 am - 11:00 am
Instructor: Care Partners. Para planear el cuidado de la vida, debemos aprender los valores personales y las preferencias de atención médica en nuestro futuro. Te invitamos a nuestro taller para aprender cómo documentar sus deseos médicos y brindarle tranquilidad a usted y a sus seres queridos.
- Vida saludable para el cerebro y el cuerpo (Spanish) (C-444)**
Abril 9 (Miércoles) 11:00 am - 12:00 pm
Instructor: Sandra Green. Durante siglos, hemos sabido que la salud del cerebro y el cuerpo están conectados. Pero ahora, la ciencia es capaz de proporcionar información sobre cómo optimizar nuestra salud física y cognitiva a medida que envejecemos. Únase a nosotros para aprender sobre la investigación en las áreas de dieta y nutrición, ejercicio, actividad cognitiva e interacción social, y utilice herramientas prácticas para ayudarle a incorporar estas recomendaciones en un plan para un envejecimiento saludable.
- Caregivers Are People Too! (C-445)**
April 10 (Thursday) 2:00 pm - 3:00 pm
Instructor: Georgina Martinez, Digital Health Promotion Representative with Independence @Home.
Caring for someone else is one of the most rewarding things you can do. But it's also one of the hardest. As a caregiver there are lots of things to think about and lots of things to do. At this program, learn about how to take care of yourself to be the best caregiver you can be.
- Dementia or Normal? How to Tell The Difference (C-446)**
April 14th (Monday) 1:00 pm - 3:00 pm
Instructors: Debbie Emerson, MS, CDP, Community Health Educator/Founding Partner & Gia Barsell, CDP, CEO/Founder
Have you ever worried whether some of the memory challenges you or a loved one are experiencing are "normal?" Could they be a sign of something else? As we age, our brains and our bodies undergo myriad changes. We may experience instances where we process information more slowly, or we may have trouble recalling names or dates. These can be examples of typical age-related changes. But what are the indicators that these changes may be due to something more serious such as mild cognitive impairment or even dementia? When might it be time to visit the doctor for an evaluation? In this presentation, Sage's dementia specialists will discuss the above questions and more.
